

## LUCIUS SULLA

### HIGHLIGHTS

- Around 11 years of experience in designing and developing enterprise level web application using PHP and CSS, HTML, DHTML, XHTML, JavaScript, XML, DOM, and AJAX Technology.
  - 4+ years of experience on Agile Scumm Methodology
  - Expertise in project setup and development using object-oriented web application Zend Framework for developing enterprise applications
  - Develop, test and implement cross-browser compatible Drupal themes using valid xHTML/CSS
  - Built sites using WAMPP and LAMPP
  - Familiarity with large multi-server Drupal environments, administration, and integration with various third-party sites with open APIs.
  - Understanding of the LAMPP-stack based architecture, systems development life cycle management, version control, application maintenance and support techniques, bug/issue tracking.
  - Developed websites using JavaScript frameworks such as React JS.
  - Good experience working on CSS Background, CSS Positioning, CSS Text, CSS Border, CSS Margin, CSS Padding, CSS Table, Pseudo Classes, Pseudo Elements and CSS Behaviors
  - Experience in developing applications using CSS3 Media Queries, SASS, LESS and Responsive Web Design making.
  - Experience in using Webpack as module bundler and performing most of the tasks.
  - Good Experience in React JS, React Native, Node JS, Vue JS, Web Pack and JavaScript.
  - Dynamic applications to consume APIs, XML and JavaScript with CSS.
  - Extensive experience in Building web applications using Kendo UI widgets, jQuery, React JS.
  - Experience with Web 2.0 User Interfaces; W3C standards and specifications, and user-centered design principles.
  - Implemented REST Microservices using spring boot. Generated Metrics with method level granularity and Persistence using Spring AOP and Spring Actuator.
  - Experience in using build/deploy tools such as Docker for Continuous Integration & Deployment for Microservices.
-

- Expertise in developing large scale single page web applications using React and angular.

---

## EXPERIENCE

### 2020 – PRESENT

#### UI DEVELOPER, LEGION TECHNOLOGY

- Involved in analysis, design, and programming.
- Working as a React.js Developer
- Created HTML tables
- Worked on ES6 JavaScript, DOM, CSS, SCSS, HTML, and front-end languages.
- Worked on REACT tools including React.js, Webpack, Redux and NPM.
- Worked on API's including SOAP and REST
- Involved in user interface design.
- Worked on testing frameworks including Mocha and Jest.
- Understands the architecture and design specifications and develops NodeJS based multi-layer web applications.
- As per client requirement, followed Agile methodologies. Daily attended stand up update call with client and give the demo on requirement every sprint.
- Once development done, move to the testing and push the code into the production. Followed CI/CD pipeline and used GitLab.
- Used launchpad for build and Deployment.

### 2019 – 2020

#### DEVELOPER, COHORT INC

- Involved in Software Development Life Cycle phases like requirements gathering, Analysis, Design and Development.
- Worked on React, Redux, Node JS and ES6 JavaScript.
- Installed mySQL Workbench to run queries
- Worked on Class Components, State and Props.
- Worked on custom application development.
- Used with other applications using web services and other technologies.
- Worked on using HTML, CSS, SCSS, REST APIs and SQL/mySQL.
- Optimized mySQL queries
- Worked on JEST for Unit testing.
- Followed Agile methodology, Attended daily scrum calls and interaction with client. Give the demo to the client every sprint.
- Ability to manage multiple projects/deadlines.

- 
- Used version control tools GitLab and CI/CD.

## **2017 – 2020**

### **DEVELOPER, OPTIO LLC**

- Involved in Software Development Life Cycle phases like requirements gathering, Analysis, Design and Development.
- Integrated web applications with mySQL and Mongo
- Designed and developed web pages using with HTML5, DHTML, XHTML, CSS3, Ajax and jQuery based on the W3C standards and Web 2.0.
- Developed various UI
- (User Interface) components using React JS, JSON and HTML.
- Designed dynamic and browser compatible pages using HTML5, CSS3, JavaScript, Bootstrap, Ajax, and React JS.
- Extensive experience of Object-Oriented JavaScript design pattern and JavaScript MVC Patterns Preferably React JS.
- Involved in implementing MVC architecture to separate business logic from the view using OOP.
- Front-end development utilizing JavaScript frameworks such as React JS, jQuery.
- Developed a Utility function to increase the reusability of the code in different places.
- Worked on Media Queries as a complement to the Grid System of UI Bootstrap to facilitate the implementation of the responsiveness.
- Developed websites using JavaScript frameworks such as React JS.
- Designed and implemented a SPA (Single Page Application) in React JS.
- Designed Frontend within object-oriented JavaScript Framework like bootstrap, React JS.
- Worked on JavaScript frameworks (React JS) to argument browser-based applications.
- Web Forms / MVC / Web API and (built on) backbends.
- Actively involved in using React JS, HTML5 to enable client-side date to meet specific criteria by applying various validation variables and used the AngularJS validation CSS classes to provide visual feedback on validation.
- Designed applications that execute on various browsers such as Internet Explorer, Mozilla.
- Involved in continuous integration (CI) using Jenkins web server.
- Firefox, Google chrome and opera using various debugging tools like firebug/IE developer tools.

- 
- Experience with modern front-end frameworks such as React JS, Node JS, JavaScript, jQuery, JSON, HTML5 and CSS3
  - Involved in the creation of interface to manage user menu and Bulk update of Attributes using React JS.
  - Used CSS Preprocessors like LESS and SASS to increase user experience for button.

---

#### EDUCATION

**12 2016**

**MASTERS OF COMPUTER SCIENCE, LUDUS UNIVERSITY**

**06/2014**

**BACHELORS OF ARTS, GRAMMATICUS UNIVERSITY**

---

#### SKILLS & INTERESTS

In my free time I regularly compete in gladiatorial games with a focus on javelin distance throwing. During the winter I have been translating the works of Ovid.
